## Commercial Box Planter

Galvanneal Steel has a unique zinc iron alloy coating that is an ideal surface for painting. It is strong, durable, anti-corrosive, and designed so oxidation cannot occur. Combine that with a durable Powder Coat finish in your favorite color, and you'll have a beautiful planter that will last a lifetime in any climate! Our commercial grade Galvanneal Steel Powder Coated Planters are hand welded by experienced craftsman using only quality American made 18 gauge zinc coated Galvanneal Steel.

The Box Planter design comes in 4 standard sizes and 12 different colors. Our Galvanneal Steel Box Planters are designed for both commercial and residential applications, and are great for outside patios or entranceways where you want to make a bold statement. You can also use a combination of Box Planters to help enclose or partition an area, or create a functional decorative border. Custom sizes and colors are available with proper advance notice and deposit.
